

Transportation.
Technology. Trust.
This is where it all
comes together.

Confluent
Logistics

Confluent Logistics seamlessly moves freight from point to any point.

We connect shippers to carriers and loads to destinations using both the latest technology and traditional tools available: reliability, professionalism, hands-on experience, and rock-solid partnerships.

Serving Shippers

We set a higher bar. Every carrier and driver in the Confluent network has surpassed exceptional standards in the areas of safety, professionalism, on-time delivery, and innovative technology. So any freight we move for you, moves from origination to destination seamlessly. Every time. On-time.

Networking Carriers

We partner with the most reliable carriers and drivers in America. Delivering more lanes and more loads, to help provide longevity and sustainability for the road ahead.

We deliver accountability in action.

Confluent is your one-stop-shop for no-hassles-at-all 3PL solutions. We pick up and deliver on time. We provide clear communication every step of the way. And we ensure the integrity of every shipment that's in our very capable hands.

Simply put, we do exactly what we say. And we stand behind every commitment we make.
